

At Thackley Primary School we are committed to offering an inclusive curriculum to ensure the best possible progress for all our pupils whatever their needs or abilities. We aim to ensure all pupils achieve their potential, personally, socially, emotionally and academically in all areas of the curriculum (regardless of gender, ethnicity, religion, sexual identity, physical ability or educational needs). We are a fully inclusive school. We understand that children may have special educational needs that require additional support when progress has slowed or stopped and we are committed to ensuring that all children in our care have access to exciting learning opportunities that fully meet their needs.

This document is intended to give you information regarding the ways in which we insure we support all our pupils including those with SEN in order that they achieve their full potential.

Children and Families Act 2014

The Children and Families Act 2014 has transformed the system for disabled children and young people and those with SEN, so that the services consistently support the best outcomes for them. The reforms create a system from birth to 25 through the development of coordinated assessment and single Education, Health and Care Plans; improving cooperation between all services responsible for providing education, health or social care; and giving parents and young people greater choice and control over their support. It underpins wider reforms to ensure that all children and young people can succeed, no matter what their background.

The changes to the law give greater protection to vulnerable children, better support for children whose parents are separating, a new system to help children with special educational needs and disabilities, and help for parents to balance work and family life.

The act also ensures vital changes to the adoption system can be put into practice, meaning more children who need loving homes are placed faster. Reforms for children in care can be implemented including giving them the choice to stay with their foster families until their 21st birthday.

"The Children and Families Act is all about reforming services for vulnerable children - reflecting this government's deep determination to give every child, whatever their start in life, an equal chance to make the best of themselves." Edward Timpson, Children and Families Minister, said:

It takes forward the reform programme set out in Support and aspiration: A new approach to special educational needs and disability, progress and next steps by:

- Introducing a single assessment process and an Education, Health and Care (EHC) Plan to support children, young people and their families from birth to 25 years. The EHC plan will replace statements of special educational needs improving cooperation between all the services that support children and their families and particularly requiring local authorities and health authorities to work together;
- Requiring health services and local authorities to jointly commission and plan services for children, young people and families.
- Giving children, young people and families the right to a personal budget for the support they receive.
- + Requiring Local authorities to publish a clear, easy-to-read 'local offer' of services available to children and families.
- Local authorities involving families and children in discussions and decisions relating to their care and education; and providing impartial advice, support and mediation services.

What is the Local Offer?

The Local Offer was first introduced in the Green Paper (March 2011) as a local offer of all services available to support disabled children and children with SEN and their families. This easy to understand information will set out what is normally available in schools to help children with lower-level SEN as well as the options available to support families who need additional help to care for their child."

What will it do?

The Local Offer aims to provide parents/carers with information about how to access services in their area, and what they can expect from those services. With regard to Education, it will let parents/ carers and young people know how school and colleges will support them, and what they can expect across the local settings. During the last year, the Local Offer Steering Group has developed questions for schools, and trialled them with a small number of settings.

Here are Thackley Primary School's responses to those questions:

What is a Special Educational Need or Disability?

Children have special educational needs if they have a **learning difficulty** that calls for **additional and different provision** to be made for them.

Children have a learning difficulty if they:

- Have a significantly greater difficulty in learning than the majority of children of the same age.
- Have a disability that prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age.
- Are under compulsory school age and fall within the definitions above or would do if special educational provision was not made for them.

(2014 SEN Code of Practice)

How are Special Educational Needs or Disabilities identified and assessed at Thackley Primary School?

Initial concerns about a child's progress or development may come from:

- Your child's class teacher expressing concerns that their progress has slowed or stopped or that they are finding learning, or any other area, especially difficult.
- Our rigorous assessment cycle/Pupil Progress Meetings, highlighting that a child has not made the progress expected or that they are falling behind other children of their age.
- 4 A health professional such as a GP or Health Visitor following a medical concern or diagnosis.
- Previous Educational settings such as Nurseries or Children's Centres.
- 4 You, speaking to the class teacher or SENCo about anything that you have noticed at home.
- ✤ Your child, expressing concerns about their own development or progress.

Once it has been identified that there may be a Special Educational Need or Disability the class teacher, in consultation with the SENCo, will identify where the need lies and what gaps in learning need to be addressed. From here we will consider what your child's short term targets should be and what 'additional provision' should be put into place to help them to meet their targets. The school will invite you and your child to contribute to this process and will ensure that your views are fully taken into account when considering what provision may be appropriate.

Who should I speak to about my child's difficulties with learning/ Special Educational Needs or Disabilities?

Your child's class teacher

Is responsible for:

- Monitoring the progress of all children.
- + Providing Quality First Teaching that is carefully adapted to the needs of pupils to ensure that all children reach their full potential.
- Identifying, planning and delivering any additional support that may be needed. This might include targeted learning, small group work or a personalised curriculum.
- ↓ Discussing any initial concerns with you and highlighting these concerns to the school's SENCo.
- ↓ Writing and evaluating Individualised Learning Targets and sharing these with you at least termly.
- Ensuring that they follow the school's SEND policy.
- Ensuring that any other adults who work with your child in school are aware of their strengths and difficulties. Helping other adults to deliver the planned program to help your child to meet their targets.

The SENco- Mrs C Bolton

Is responsible for:

- ✤ Writing the school's policy for Special Educational Needs and Disabilities.
- 4 Coordinating all of the provision for pupils with Special Educational needs or Disabilities.

Ensuring that you are:

4 Made aware of any concerns regarding your child's progress.

- Involved in supporting your child's development.
- Involved in evaluating and reviewing their progress towards set targets.
- 4 Liaising with any other people or agencies who may be coming into school to support your child's development.
- 4 Updating the schools D SEN register (a system for ensuring that the needs of pupils with DSEN are known.)
- 4 Ensuring that there are in-depth records of your child's needs, targets and progress.
- + Providing support to teachers and teaching assistants so that they can help all children to reach their potential.
- ♣ Keeping the Governing Body informed of any issues related to DSEN.

The Headteacher/Executive Headteacher - Mrs N Howe/Mrs C Parfitt

Is responsible for:

- The day to day management of all areas of the school's work including provision for pupils with Special Educational Needs or Disabilities.
- 4 Working closely with the SENCo and class teachers to delegate responsibilities and to ensure that the needs of all children are met.

The Inclusion Leader: Miss C Broomfield

Is responsible for:

- Determining the school's general policy and approach to provision for children with Special Educational Needs and Disabilities, in cooperation with the SENCo.
- 4 Establishing the appropriate staffing and funding arrangements and maintain a general oversight of the school's work.

What should I do if I have concerns about my child?

- + If you have any concerns about your child's learning or development you should speak to your child's class teacher initially.
- + This can be done at parents evening or by telephoning the office on 01274 414437 to make an appointment.
- ↓ If you continue to have concerns please ring to make an appointment with the SENCo- Mrs Bolton.
- ↓ If you are unhappy that your child's needs continue to be unmet please contact the Headteacher.

How will the school let me know if they have any concerns about my child?

Initially your child's teacher will speak with you either at parents evening or at an arranged meeting to discuss their concerns.

- 4 They will listen to your views on your child's learning.
- They will discuss with you any additional support that they feel would benefit your child and will discuss short term targets for the coming term.
- Where further support is needed the SENCo will contact you to review the provision that has been put in place and to gain your views on your child's progress.
- This may involve the implementation of further in-school interventions or a discussion about referrals to outside professionals.
- We value your partnership in all aspects of supporting your child's needs whilst at Thackley Primary school.

What support is available for my child to support their Special Educational Needs or Disabilities?

- 4 At Thackley Primary School we believe that children should be involved and informed with all aspects of their education.
- To support this, all children have the opportunity to meet with their teacher regularly on a one-to-one basis in Child Development Time, to discuss progress and set targets
- Children with additional needs will have time to discuss their specific needs and reflect on the progress they have made. This discussion will ensure that the child has input into setting their future targets.
- 4 Targets are written into planners from Year 1 onwards so that parents can support their children in achieving the targets set.
- All children have individual planners containing their personalised targets and their own reflections of the day. This will help with providing evidence of your child's progress and potential needs.
- 4 Children will be allocated with a key worker to support them on a daily basis

Quality First Teaching- Class teacher input through specially targeted teaching

- 4 Teachers have high expectations for all learners.
- Teaching is based on in-depth knowledge of a child's strengths and difficulties and builds on what they can already do or understand.
- Teaching is carefully planned to help a child to meet their personalised targets or to fill an identified gap in knowledge or understanding.
- + Teaching takes into account a child's preferred way of learning and may include the use of additional equipment.
- + The use of specific strategies (possibly identified by the SENCo or outside agencies) to fulfil your child's needs.

Specific small group work

- An intervention run by a teacher or Teaching Assistant which is specially focussed on helping a small group of children to meet their individualised targets.
- May take place in or out of the classroom.
- + The adult leading this group will be trained to do so and will have a clear understanding of children's strengths and difficulties.
- + The interventions are carefully planned to fill an identified gap in knowledge or understanding.
- 4 May include the use of additional equipment and will take into account pupil's preferred learning styles.

Support from 'Outside Agencies'

Where it is felt that a child has additional needs or barriers to learning that cannot be overcome through Quality First Teaching and Specific small group interventions advice may be sought from professional agencies outside of the school.

This might include:

- 4 Local Authority Services such as Learning Support Services, The SEBD team, Pre 5 Team or an Educational Psychologist
- ♣ Agencies such as the Speech and Language Therapy Service. (SALT)
- Medical professionals such as the School Nurse.

What would this mean for you and your child?

- 4 Your child will have been identified as having additional needs which the school feels requires more specialist input.
- You will be contacted to discuss your child's needs and will be asked to give your permission for a referral to a specialist professional to go ahead.
- The specialist professional will work with your child to more fully understand their needs and may make recommendations for strategies to meet their needs.
- + The school will discuss with you the conclusions and recommendations of the professional and what support/ strategies will be put in place to support your child.

Specified Individual Support

Where your child is identified as needing a particularly high level of individual or small group support which cannot be provided from the budget available in school an Educational Health Care Plan (EHC plan) may be applied for.

What would this mean for you and your child?

- 4 Your child has been identified as needing a high level of individual support.
- ♣ Specialist professionals will have been involved in trying to meet your child's needs.
- The school (or you) can apply to the Local Authority for a statutory assessment of your child's needs. This is a legal assessment in which your views and those of professionals who have worked with your child will be considered.
- ↓ If the Local Authority agrees that your child's needs are severe and complex enough to need a Statutory Assessment additional information will be gathered and will be used in the writing of an EHC plan.

- ✤ You and your child will be asked to contribute to this.
- An EHC plan will have long and short term goals for your child. It will set out the number of hours of support that will be provided by the Local Authority, how this support should be used and what strategies will be used to help your child to meet their goals.
- ↓ You will be contacted to discuss a 'personalised budget' for your child's additional provision.
- + The EHC plan will be reviewed at an annual meeting in which you and the professionals involved with your child's provision will discuss their progress and set new short term targets.
- If the Local Authority <u>do not</u> agree that your child's needs are severe and complex enough to require a Statutory Assessment then the school will be asked to continue to provide personalised support.

We implement a graduated approach based on the <u>guidance from Bradford Metropolitan District Council's Children's Services for SEN</u>. This is based on an Assess-Plan-Do-Review 3 range structure.

If a child has a Statement of Special Educational Needs or an Education, Health and Care Plan (EHCP), then we provide the support detailed in the plan.

What 'additional provision' may be offered?

Area of need	Possible Additional Support
Communication and	Assessment
interaction needs including:	• Part of normal school and class assessments. SENCo may be involved in more specific assessments and observations such as : The British Picture Vocabulary Scale or The Aston Index.
including.	• Where appropriate staff and other agencies will offer support as appropriate through observations, specific assessments and follow up reports
Autistic	Children identified as having an SLCN need are referred by the SENCo to the local authority SALT team
Spectrum	Progress is carefully monitored and discussed at half termly pupil progress meetings.
Disorder	Planning
	Curriculum plans reflect levels of achievement and includes individually focused targets
Speech,	• Additional steps taken to involve parents and pupil as appropriate (through consultation meetings, informal discussions or training)
y speech,	There are targeted opportunities for talk and individually differentiated questions, shown on planning

DDL		
	language and	Grouping for teaching
	communicati	Mainstream class with targeted support
	on need	The need for small group work or one to one intervention to develop individual targets and introduce any new concepts
		Daily opportunities for 1:1 support focused on specific targets and any SALT programme as appropriate
		Human resources and staffing
		Support from other agencies as appropriate. E.g Autism Team (SEN Services), Hub schools, SALT
		 Main provision by class/subject teacher with support from SENCO and advice from education and non-education professional as appropriate.
		• Additional adult, under the direction of the teacher, supports pupil working on modified curriculum tasks, provides regular opportunities for small group work and daily opportunities for 1:1.
		 Additional training of staff to support curriculum modifications and social interaction, social communication and social understanding
		Curriculum & teaching methods
		 Curriculum access will be facilitated by using a structured approach which may involve: using visual systems or timetables; reducing language for instruction/information giving; teaching strategies should give consideration to difficulties with transfer of skills; teaching approach should take account of difficulties in understanding the social rules and expectations of the classroom One to one teaching for the introduction of new concepts and the reinforcement of classroom routines and expectations
		 Individualised level/pace/amount of teacher talk.
		 Learning style determines teaching methods.
		 Emphasis on consolidation and lateral progress before introducing new skills.
		 Regular opportunities for explanation, clarification and reinforcement of lesson content and language.
Cognit	ion and	Assessment
learnir includi	ng needs ing:	 SENCo takes advice from assessment and the involvement of education and non-education professionals as appropriate. Progress is carefully monitored and discussed at half termly pupil progress meetings.
		Planning
	Moderate learning	 Curriculum plans are monitored by the SLT as indicated on our monitoring and evaluation plan. Targets are individualised, short term and specific.
	needs	Continued regular engagement of parents
		Grouping for teaching
	Severe	• Mainstream class, predominantly working on modified curriculum tasks with provision for alternative ways of recording.
	learning	• Frequent opportunities for small group work based on identified need.
	difficulties	• Where appropriate, daily opportunities for 1:1 support focused on specific targets.
	anneances	

NOOL	
	Human Resources/Staffing
	 Main provision by class/subject teacher with support from SENCO and advice from education and non-education professional as appropriate. Additional adults may be used, under the direction of the teacher provides sustained targeted support on an individual/group basis. May include withdrawal, carefully monitored.
	Curriculum & Teaching Methods
	 Tasks and presentation increasingly individualised and modified in an inclusive curriculum Visual cues to support auditory information at all stages of delivery. Individualised level/pace/amount of teacher talk. Ensure opportunities for practise and development of skills before teaching anything new. Small steps targets within group programmes and/or 1:1
Dehavioural	Visual cues to support auditory information at all stages of delivery Assessment
Behavioural, emotional and social development needs including:	 SENCo takes advice from assessment and the involvement of education and non-education professionals as appropriate. Progress is carefully monitored and discussed at half termly pupil progress meetings. Planning
including.	• Creation of behaviour plans to engage and support pupils. More frequent involvement of parent/carer to continue support at
Behavioural needs	 home. CAF Multi-agency planning processes specifies contribution of individual services and lead practitioner. Inter-agency communication established and maintained
 Emotional health and 	 Input from CAHMs where appropriate Grouping for Teaching Mainstream class, predominantly working on modified curriculum tasks
well-being	 Frequent opportunities for small group work based on identified need Daily opportunities for small group or 1:1 support focused on specific SEBD/learning targets
Social need	 Human Resources/Staffing Main provision by class/subject teacher with support from SENCO and advice from education and non-education professional as appropriate Regular access to staff in school with experience of BESD, including Mrs Bolton (SENCO) and specific TAs with SEBD experience
	 Additional adult, under the direction of the teacher, supports pupil working on modified curriculum tasks Increased access to a combination of individual, small group and whole class activities

L	
	Curriculum & Teaching Methods
	• Teaching focuses on both curriculum and BESD outcomes throughout the school day (behaviour plans/charts to support)
	 Tasks and presentation personalised to pupil's needs.
	 Individualised level/pace/ amount of teacher talk.
	 Learning style determines teaching methods
	 1:1 teaching for the introduction of new concepts and the reinforcement of classroom routines and expectations
	 Small steps targets within group programmes and/or 1:1 work tasks
	 Targets are monitored with the pupil daily targets
	• Accessing mainstream lessons for most of the time with Individual timetabling opportunities for some children, incorporating a range of different learning opportunities e.g. Forest Schools, gardening, food technology
Sensory and	Assessment
physical needs	Part of school and class assessments
including:	Support from member of the Deaf Team
	May require modification to the presentation of assessments
Hearing	Use of speech audiometry and other specialist tools to assess access to spoken language in class
impairment	Planning
	 Curriculum plan reflects levels of achievement and includes individually focused targets Grouping for Teaching
	 Mainstream class with opportunities for 1:1 and small group work
	 Attention to seating, lighting and acoustics
	Human Resources/
	Staffing
	 Main provision by class/subject teacher
	Contact family
	• Visit school:
	Observe pupil in class
	Speak to pupil
	Speech discrimination
	Gather data on progress

ool	
	Advise staff (class teacher / SENCO)
	Written report circulated to school, family, hospital
	Annual electroacoustic hearing aid checks
	Monitoring visit to speak to pupil/SENCO
	Issue radio aid and Monitor radio aid use
	Curriculum & Teaching Methods
	Full inclusion within National Curriculum
	Possible differentiation by presentation and/or outcome
	Opportunities for explanation, clarification and reinforcement of lesson content and language
	Specific interventions for speaking, listening and teaching of phonics
Visual	Assessment and Planning
impairme	nt Planning based on current visual performance and prognosis of possible changes.
	Grouping for Teaching
	Mainstream class.
	Some additional group and individual work to meet identified needs and to facilitate learning and inclusion, as appropriate
	Curriculum & Teaching Methods
	Quality First Teaching
	Full inclusion within mainstream class.
	Teaching methods which facilitate access to the curriculum, social / emotional development and class participation.
	Some modification / differentiation of learning materials and curriculum delivery to facilitate access. Eg. Attention to speed
	of lesson delivery and speed of working of VI pupil.
> Multi-	Assessment and planning
sensory	
impairme	Part of school and class assessments
inipulitie	
	• SENCo takes advice from assessment and the involvement of education and non-education professionals as appropriate
	• As appropriate to needs; ongoing assessment of communication, cognition, mobility, social and emotional development
	Assessment trackers closely track levels of achievement
	Targets are individual, short term and specific
	Grouping for teaching
	Opportunities for small group work and individual support to ensure access to new experiences and afford opportunities to
	complete work, preview and review lessons

	Constructions O. Too shines Matthe do
	 Curriculum & Teaching Methods Significant modification to learning materials and curriculum delivery Individual mobility and independence/life skills programmes Human Resource and Staffing Daily access to individual support, trained to meet the needs of pupils with MSI Input from other educational and non-educational professionals as appropriate Need for balanced approach to support and intervention to facilitate social inclusion
Physical and medical needs	Assessment For mobility and curriculum access to be carried out by both educational and health colleagues. May need specialist seating May need ICT assessment to aid with future curriculum recording. Planning Curriculum planning closely linked to individual targets. Modified PE/outdoor play curriculum is likely to be needed. Grouping for teaching Mainstream classroom setting. Small group or one to one adult input to practice skills. Individual skills based work may need to take place outside the classroom. Curriculum & Teaching Methods Programme to support pre handwriting and handwriting skills. Differentiated writing materials and equipment. Differentiation to PE curriculum. Dressing and undressing skills programme. ICT equipment to aid recording Will need specialist seating and or furniture or equipment. Resource Flexible use of classroom support to access curriculum and develop skills in recording.

• Training and advice from specialist support service for teaching and support staff.

Breakfast Club and After School Activities:

Pupil Premium and children with SEND will be targeted to attend both breakfast club and after school clubs and activities to further support their individual targets and needs.

There are many SEN terms that are abbreviated which can lead to confusion (even for us!).

Below is a glossary of the most used SEN terms:

SALT	Speech and Language Therapist
SENCo	Special Educational Needs Coordinator
SLCN	Speech, Language and Communication
ASD	Autistic Spectrum Disorder
BESD	Behavioural Emotional & Social Difficulties
CAF	Common Assessment Framework
CAMHS	Child & Adolescent Mental Health Service
EP	Educational Psychologist
VI	Visual Impairment

HI Hearing Impairment
